LADIES BIBLE CLASS

The ladies are invited to attend class this Tuesday. at 10 A.M.

Keep Smiling God Loves You.

What would others think from reading your post on Facebook? Social media is an enjoyable way to keep up with our family and friends and all the fun, interesting or just random things that they are doing. Friends can see their friends on vacations, at celebrations, with their relatives, in selfies with random people, hanging out and eating at various places, etc. And your friends can see you doing the same kinds of things. They can know lots of things about you believe it or not. While your friends know a lot about you from your social media posts, would they know that you are a Christian? Would they know that you go to church? Would they know that you have a church family? Would they know that you read your Bible and do various activities because you are a Christian? Would they know that this (yes, this!) is the most important part of your life? God expects His children to allow the world to "see your good works" (**Matt. 5:16; 1 Pet. 2:11-12**). Do we do that on social media? God expects His children to be identifiable by their love for their brethren (**John 13:34-35**). Do we do that on social media? Would people know that you are Christian? DAN

FELLOWSHIP LUNCHEON FOLLOWING WORSHIP SERVICES TODAY

It is good to be back home from the meeting in New Boston. We had a great week trying to encourage the church there and preaching the gospel to the lost and those who needed to be restored. It is good to be back home. One was baptized into Christ the last night of the meeting. Thanks to Ben Rhone, Sam Ellis, Marty Nash, Leo Gambrell and Cheryl Ellis for filling in while I was away for the meeting. I am looking forward to the luncheon today. Thanks to Jill and Jeanette as well as others who help coordinating this special event. We do encourage all of our visitors to stay for the meal. There is plenty of food and you will enjoy the fellowship of the Christians at this place. The cooler weather is a welcome change. It won't be long before we will be wishing for warmer weather. We are rarely satisfied. Right now the beautiful Autumn change is great. The foliage is turning color and East Texas is arrayed again. Thank each of you for being in attendance this morning for Bible class and worship. If you have come as a guest or visiting on your own, we are glad you are with us today. If you have questions about the service today, feel free to ask us. We hope you will come again, when the opportunity presents itself.
